

	Illustrating Structures of a Cell	Describing Functions of Structures of a Cell	Relating Functions of Structures to Functions of a Factory or Its Workers	Language and Conventions Used in Description	Participation
	<i>The extent to which the seven structures of a cell are illustrated accurately in the comic strip</i>	<i>The extent to which the functions of the seven structures of a cell were described accurately in the comic strip</i>	<i>The extent to which the functions of the cell structures are correctly related to the functions of a factory or its workers in the comic strip</i>	<i>The extent to which wording is chosen appropriately and grammar, punctuation, and spelling are used correctly</i>	<i>The extent to which the student is engaged in the project and makes efficient use of allotted time</i>
Weight	25%	20%	30%	10%	15%
6	Very Effective The student illustrated seven structures of a cell accurately.	Very Effective The student described the functions of all seven structures accurately.	Very Effective The student correctly related the functions of all seven structures to the functions of a factory or its workers.	Very Effective The student demonstrated proper word choice. There were no errors in grammar, punctuation, and spelling.	Very Effective The student was engaged in the project, was very self-directed, and efficiently used time well throughout the project.
5	Good The student illustrated six structures of a cell accurately.	Good The student described the functions of six structures accurately.	Good The student correctly related the functions of six structures to the functions of a factory or its workers.	Good The student demonstrated good word choice. There were few errors in grammar, punctuation, and spelling, and they do not significantly interfere with communication of content.	Good The student was engaged in the project, but did not always use time well and may have procrastinated on one thing. The project was completed on time.
4	Adequate The student illustrated five structures of a cell accurately.	Adequate The student described the functions of five structures accurately.	Adequate The student correctly related the functions of five structures to the functions of a factory or its workers.	Adequate The student demonstrated adequate word choice. There were some errors in grammar, punctuation, and spelling, but they did not significantly interfere with communication of content.	Adequate The student was engaged in the project, but did not make efficient use of time. The project was not completed on time.
3	Limited The student illustrated four structures of a cell accurately.	Limited The student described the functions of four structures accurately.	Limited The student correctly related the functions of four structures to the functions of a factory or its workers.	Limited The student demonstrated simple word choice. There were several errors in grammar, punctuation, and spelling that may interfere with communication of content.	Limited The student was occasionally distracted but still completed the project on time.
2	Minimal The student illustrated three structures of a cell accurately.	Minimal The student described the functions of three structures accurately.	Minimal The student correctly related the functions of three structures to the functions of a factory or its workers.	Minimal The student demonstrated simple word choice. There were many errors in grammar, punctuation, and spelling that interfere with communication of content.	Minimal The student was often distracted and did not complete the project on time.
1	Inadequate The student illustrated fewer than three structures of a cell accurately.	Inadequate The student described the functions of fewer than three structures accurately.	Inadequate The student correctly related the functions of fewer than three structures to the functions of a factory or its workers.	Inadequate The student demonstrated poor word choice. There were severe errors in grammar, punctuation, and spelling that significantly interfere with communication of content.	Inadequate The student was not engaged and did not complete the project at all.
