

# Join Edgenuity's *Teach-Tech-Connect* Educator Community

## Teach-Tech-Connect

Like a teacher's lounge, only without the coffee.

A community focused on bringing educators together to make teaching simpler.

Similar to a virtual PLC where you can share ideas, learn best practices for digital education, and network with other educators striving to help students succeed.

Teachers are the driving force behind learning, and we know you have ample knowledge to share. As an educator using Edgenuity, you're encouraged to join our **Teach-Tech-Connect community** to learn from other educators across the country who are using the same technology to drive student outcomes.

### Benefits of Joining

#### **GAIN EXPERTISE FROM OTHERS USING EDGENUITY**

Have a question about the best ways to manage your classroom, monitoring student progress, or assign additional resources? Ask it in the community and see what other educators in similar situations have done.

#### **LEARN HOW TO GET THE MOST OUT OF EDGENUITY'S PRODUCTS AND SERVICES**

Incorporating a new tool into your classroom can feel overwhelming at the best of times.

This community allows you to work through those questions, concerns with others who have had similar experiences.

#### **INSPIRE EDUCATORS TO USE TECHNOLOGY TO BENEFIT STUDENTS**

Have you found a tool that helps your students succeed in virtual learning? Share it with others to use in their classrooms!

#### **CONNECT WITH OTHER EDUCATORS VIRTUALLY**

Those spontaneous teachers' lounge conversations provide some of the most impactful ideas, so use this community to emulate impromptu discussions on important topics.

#### **UNDERSTAND IMPLEMENTATION MODELS**

Has your school or district recently started using Edgenuity? Learn the best ways to set up your program and track success from others who have been successfully implementing our products for years.
