

# Family Support for Imagine Lectura

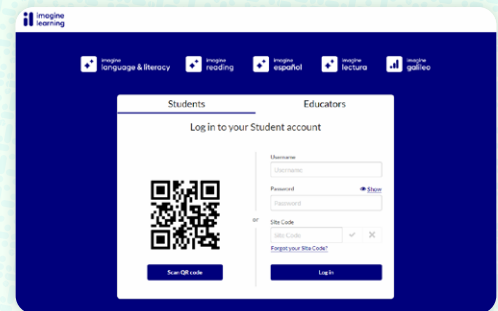

## Be a part of your student's learning journey

### GET STARTED!

Help your student log in to [Imagine Lectura here](#)\* using the username and password or the site code provided by your student's school.

If your district uses a single sign-on (SSO) portal, follow the instructions from your student's teacher.

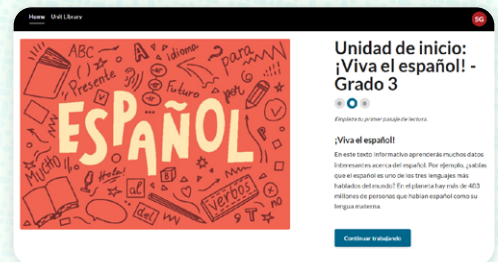

Now you're ready to make the most of the following tips to support your student.

● Imagine Lectura Login Portal

### WHAT TO EXPECT WITH IMAGINE LECTURA

Imagine Lectura is divided into reading units, with videos, passages, and a focus question to identify the big idea connecting it all. In each passage, students can use aids such as captions and sidebar notes. As they read, they'll answer questions and get feedback on their answers from Imagine Lectura or their teacher.

● Imagine Lectura Passage Description

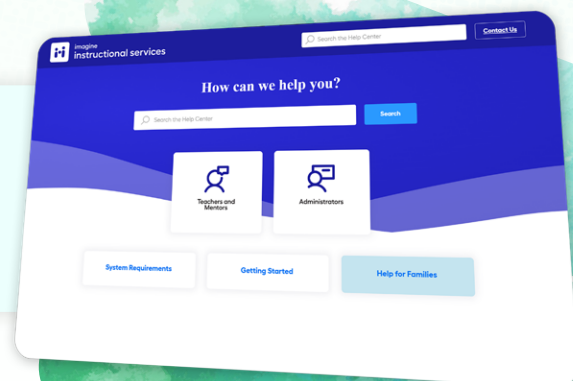

### DISCUSSIONS AND PROJECTS

At the end of each unit, students work on a synthesis discussion and group project to show what they've learned. Discussions help students learn techniques for academic communication, such as clarifying, elaborating, identifying common ground, and respecting differences of opinion. The group project gives students a chance to work together on a shared response to the focus question with creative ideas, such as:

- Blog
- Song
- Poem
- Podcast
- Video

# Help Your Student Thrive in Their Learning

## Stay connected to your student's teacher

Checking in with your student's teacher can help keep your student on track and help you monitor their work at home. We recommend connecting with the teacher to review your student's progress, participation, and the skill areas where they need more support or more of a challenge.

## Create a way for your student to excel at home

At-home support is key to success. Try these tips to keep your student engaged and focused:

- Choose a comfortable, distraction-free space as a work area for your student
- Create a plan, such as 'focus time' and 'break time,' to help them connect and succeed
- Make sure your student has Wi-Fi and a charged device, such as a laptop, tablet, or smartphone
- Show interest in what your student is learning about with questions like, "What did you read about today?" or "What ideas do you have for your group project?"

## Why Imagine Lectura?

Imagine Lectura is a Spanish language arts program that helps students in grades 3–5 become strong readers, critical thinkers, and confident communicators. It offers authentic, culturally relevant content that celebrates the Spanish-speaking world and inspires pride and respect for its rich diversity.

Prioritizing what Spanish speakers bring to the classroom, the program helps students demonstrate reading comprehension, language development, and academic discourse on Spanish and English standardized tests.
