

Family Support for Imagine Instructional Services

Be a part of your student's learning journey

GET STARTED!

Help your student log in to [Imagine Instructional Services here*](#) and enter the username and password provided by their school.

Now you're ready to make the most of the following tips for supporting your student and tracking their progress in Imagine Instructional Services.

MONITOR STUDENT PROGRESS WITH A GUARDIAN ACCOUNT

Parents and guardians can:

- Create guardian accounts to track student progress
- View and send communications
- Communicate with teachers
- Review grades
- See student attendance minutes

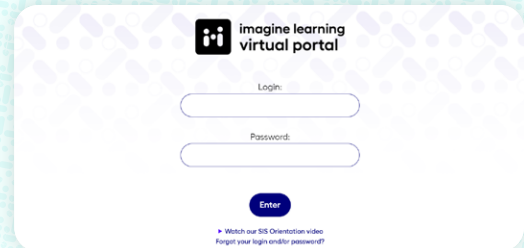

The guardian portal will look just like the student's portal, but assignments can only be submitted in the student's.

INSIDE THE GUARDIAN PORTAL

Within the guardian portal, you'll be able to track your student's progress using the **to-do list** and **calendar**.

The **to-do list** will show you upcoming or past-due activities within seven days. This list will be empty if the student is more than seven days ahead in their courses. If the activity displays **past due**, then the student is behind.

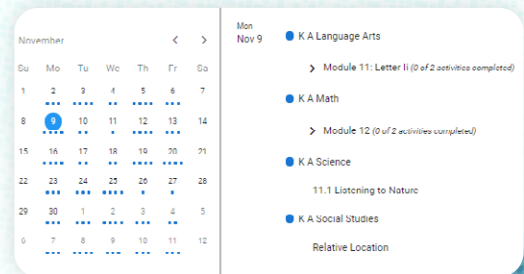

In the **calendar** view, you'll find color-coded due dates of activities by course - choose a date to see what is due that day. You can view a selection of courses at a time and adjust the amount of work displayed by day, week, or month.

Why Imagine Instructional Services?

Imagine Instructional Services is designed to engage and challenge your students with interactive, media-rich content paired with our qualified, certified instructors. Our award-winning online program meets your state standards and offers that personalized teacher touch students need to support their efforts in making up credit, working ahead, or taking flexible courses that suit their needs. Our teachers work with your students to offer a support system that guides and motivates to keep them on track.

How to help your student learn at home

- Choose a comfortable, distraction-free space as a work area for your student
- Create a plan, such as 'focus time' and 'break time,' to help them connect and succeed
- Make sure your student has Wi-Fi and a charged device, such as a laptop, tablet, or smartphone
- Show interest in what your student is learning about with questions like, "What did your learning focus on today?" or "What questions do you have about the lesson?"

Stay connected to your student's teacher

Regularly checking in with your student's teacher can help your student succeed in Imagine Instructional Services. Teachers can be reached via email, phone, regular office hours, or by [booking an appointment](#)* with them outside of office hours. Reach out to the teacher if you have any questions about the course or assignments or if your student is:

- Having a hard time understanding a concept
- Falling behind in assignments
- Finding the work is too easy; lacking challenge
