

Family Support for Imagine Purpose

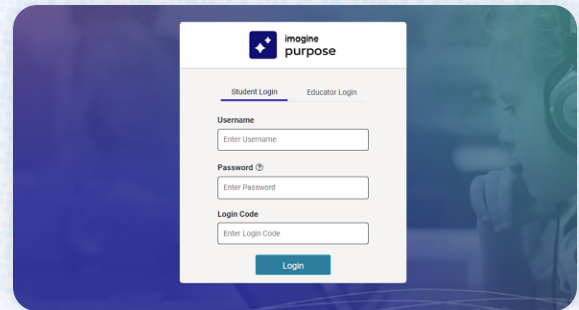

Encourage your child's life skills and emotional well-being

GET STARTED!

Your student will log in to [Imagine Purpose](#)* here with the school-provided username and password.

If your district uses a single sign-on (SSO) portal, follow the instructions from your student's teacher.

Now you're ready to support your student's growth with Imagine Purpose.

● Imagine Purpose Login Portal

WHAT TO EXPECT

After logging in, you can see your student's **social and emotional learning path**. Scroll through to explore the topics that will encourage your student's well-being and help them develop key life skills. Click the star in the top right corner to check their level, logged time, and lessons passed, or select 'view details' to see year-to-date statistics.

INSIDE THE FAMILY PORTAL

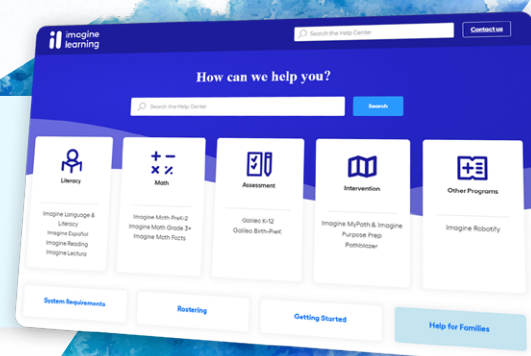

Your student's Imagine Purpose journey introduces them to new friends, the Sparks. They're cute and clever personifications of five key emotions: happiness (Chow), sadness (Izzy), anger (Pepper), peace (Koko), love (Fizz), and fear (Boa). Try these conversation starters to hear what your student's Spark buddies are up to:

- Which Spark are you learning about in school?
- Which Spark space are you in right now?
(when experiencing a big emotion)
- What do you think each Spark would say right now?
(in response to an event)

Help your student maximize their potential

Make learning happen at home

At-home support and encouragement are valuable. If your student wants to explore Imagine Purpose beyond the classroom, try these tips to help them connect.

- Choose a comfortable, distraction-free space as a work area for your student
- Create a plan, such as 'focus time' and 'break time,' to help them connect and succeed
- Make sure your student has Wi-Fi and a charged device, such as a laptop, tablet, or smartphone
- Show interest in what your student is reading about with questions like, "What did your learning focus on today?" or "What questions do you have about the lesson?"

Connecting with your student's teacher

By communicating with your student's teacher, you can build a support team to help everyone succeed. When you know what the class is focusing on, you can connect with your student at home to help reinforce what they are learning. Reach out to the teacher if you have any questions.

Why Imagine Purpose?

Imagine Purpose helps students build self-confidence, increase academic performance, improve behavior, and be successful in the classroom. Students will concentrate on important behavioral, emotional, and social challenges by reading and listening to stories and answering questions in a workbook. These activities build emotional intelligence (EQ), a powerful indicator of future success.
