

Teacher Shortage Solution

Ensure students receive academic instruction from a highly qualified, certified virtual instructor while school/district recruits, hires, and trains a permanent classroom teacher

Implementation

- Welcome and implementation call to ensure appropriate setup
- Quality training delivered to empower school mentor to enroll and oversee all student activity and progress
- Highly certified virtual instructor assigned to students for 18 or 36-week timeframe

Accountability

- Visibility into all communications and student data
- Biweekly meetings reviewing measurable outcomes
- Monitoring of mastery and pacing
- Planning of interventions to increase student success

Delivery

- Classroom facilitator and virtual instructor work together to create a positive, motivating learning environment
- Virtual instructor sends weekly individualized communication, grades within 72 hours, and sends quality grading feedback regularly
