

Hello!

We wanted to update you on a new and exciting program: Your child's school is partnering with Imagine Purpose Prep to offer a nationally-adopted Social Emotional Learning (SEL) curriculum, which will allow your child to develop SEL skills and define and enhance their purpose.

Imagine Purpose Prep is a premier K–12 SEL curriculum committed to bringing an evidence-based, media-rich curriculum into schools worldwide. It transforms learning by preparing students for learning, career, relationships, and life while enhancing their Emotional Intelligence (EQ): a powerful indicator for future success.

Imagine Purpose Prep has collaborated with hundreds of experts across the globe to give students an impactful experience. Success will depend on your student's engagement and, in part, on your support, as some assignments involve interviewing their parent or caregiver.

Through Imagine Purpose Prep, students will tackle some of the most important behavioral, emotional, and social challenges in their lives to set them up for success. Thank you for believing in the power of purpose to transform lives.

Sincerely,

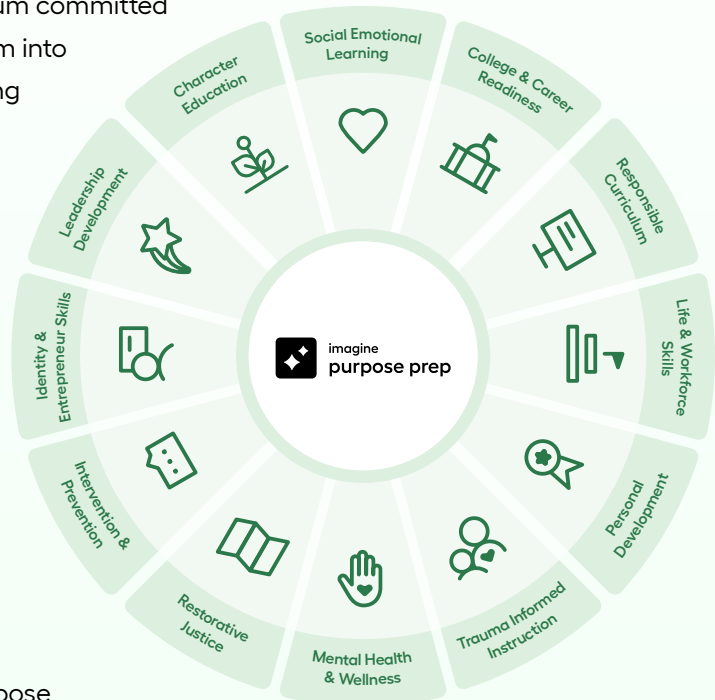

Daniel Budzinski
CEO and Founder of Purpose Prep

"If you want to go fast, go alone. If you want to go far, go together." —African Proverb

We understand you may want to know more about Imagine Purpose Prep. We have attached a few videos and testimonials where you can explore the impact the program can make in students' lives.
